Hi Davis,

I left a message for Alanna a few days ago but haven't heard back yet. Maybe you can answer my question.

Since the Proposed Plan is to be released on June 8th, which is the same day as the regular CAG meeting, I am guessing that the plan will be the same as what Alanna had originally planned for last month, which is that EPA will bring a full printed copy of the Proposed Plan to leave with us, along with several DVD copies for CAG members to use. Alanna had said last month that EPA would also provide the schedule of upcoming Public Hearings, but would not be able to do an actual presentation of the Plan at the CAG meeting.

Is this correct?

thanks,

jim

Good everyone,

The EPA will publicly release the Portland Harbor Feasibility Study and Proposed Plan on Wednesday, June 8. A media availability will be held that day, featuring Regional Administrator Dennis McLerran and Regional Superfund Remedial Cleanup Program Manager, Cami Grandinetti, at EPA's Portland office (805 SW Broadway, Suite 500, Portland OR 97205). A photo/video availability will follow at a downtown riverside location. More details on the availability will follow on Monday, June 6. The public comment period will officially begin on Thursday, June 9 and end on Monday, August 8. We look forward to speaking with you on June 8th.

Thanks,
